

Businesses/ Employers, fulfil your regulatory obligations easily with **One-Stop Payroll**

What is One-Stop Payroll

One-Stop Payroll (OSP) is an **integrated digital initiative** that **simplifies regulatory processes for businesses/ employers**, allowing you to **seamlessly submit** your payroll and employment-related data to **multiple Government agencies directly** from your payroll software:

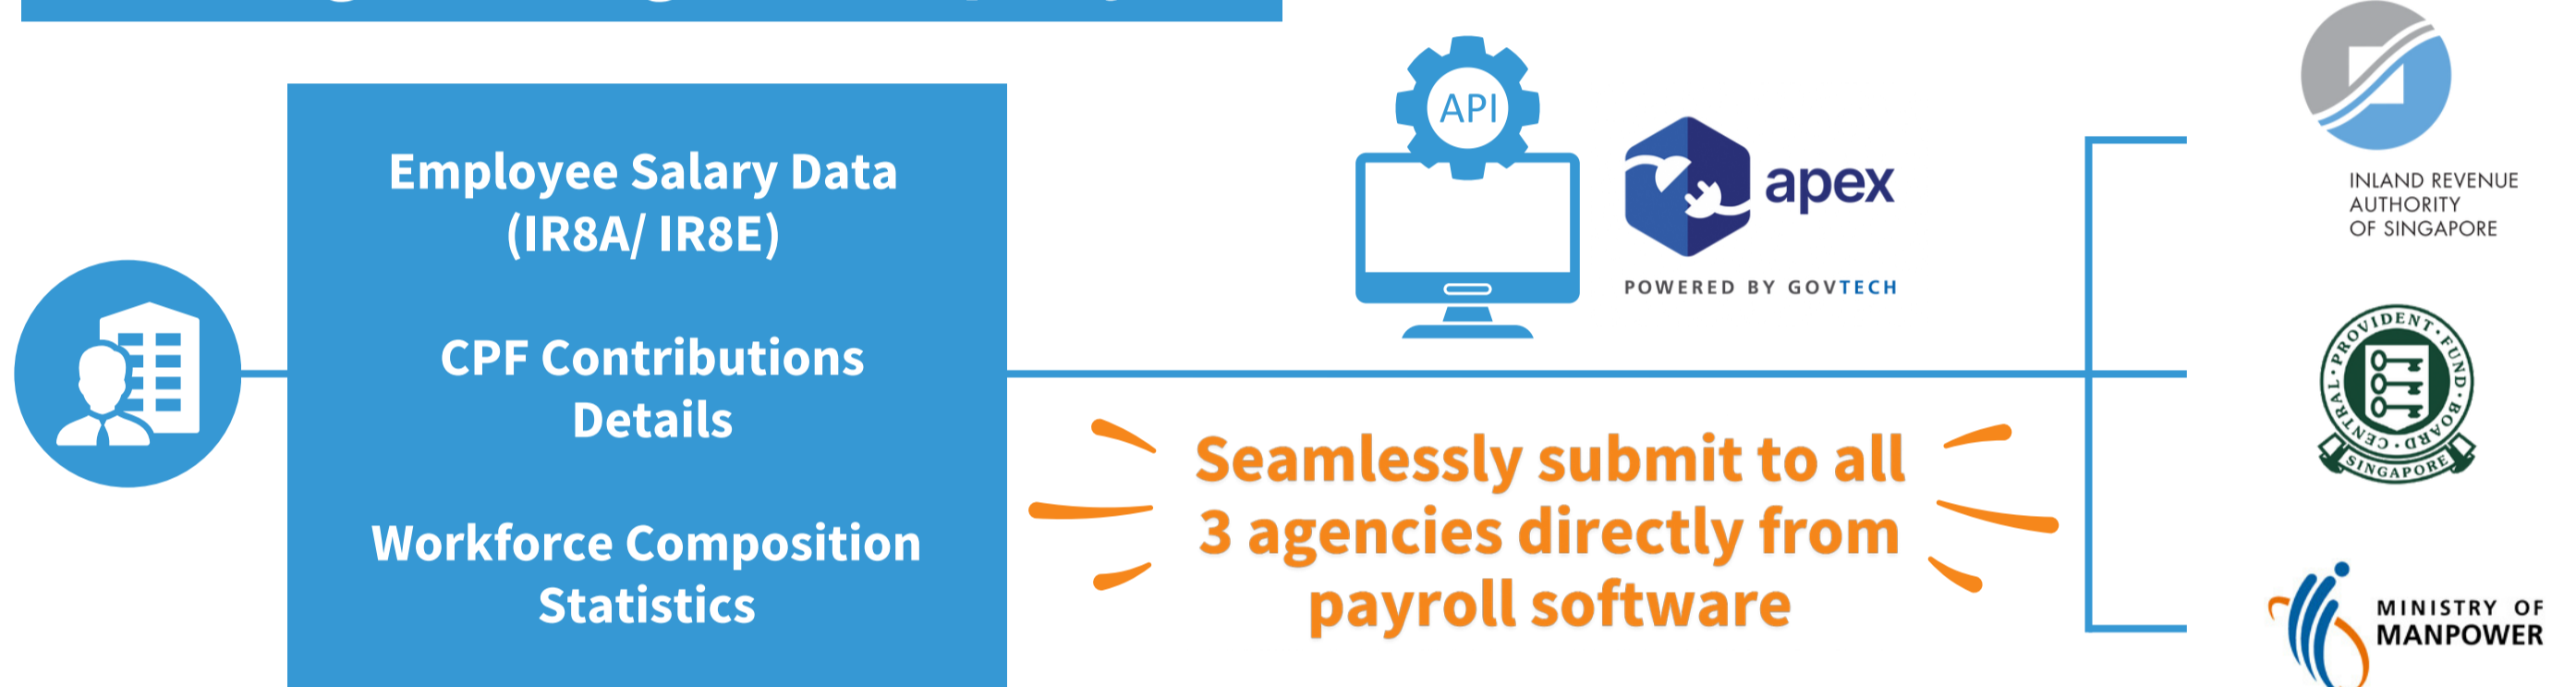

- Yearly payroll to Inland Revenue Authority of Singapore (IRAS) under Auto-Inclusion Scheme
- Monthly CPF contribution submission to CPF Board
- Completion of Occupational Employment Dataset and Labour Market Surveys by Ministry of Manpower (MOM)

You can make use of OSP features if your payroll software has the OSP APIs integrated (i.e. OSP-ready).

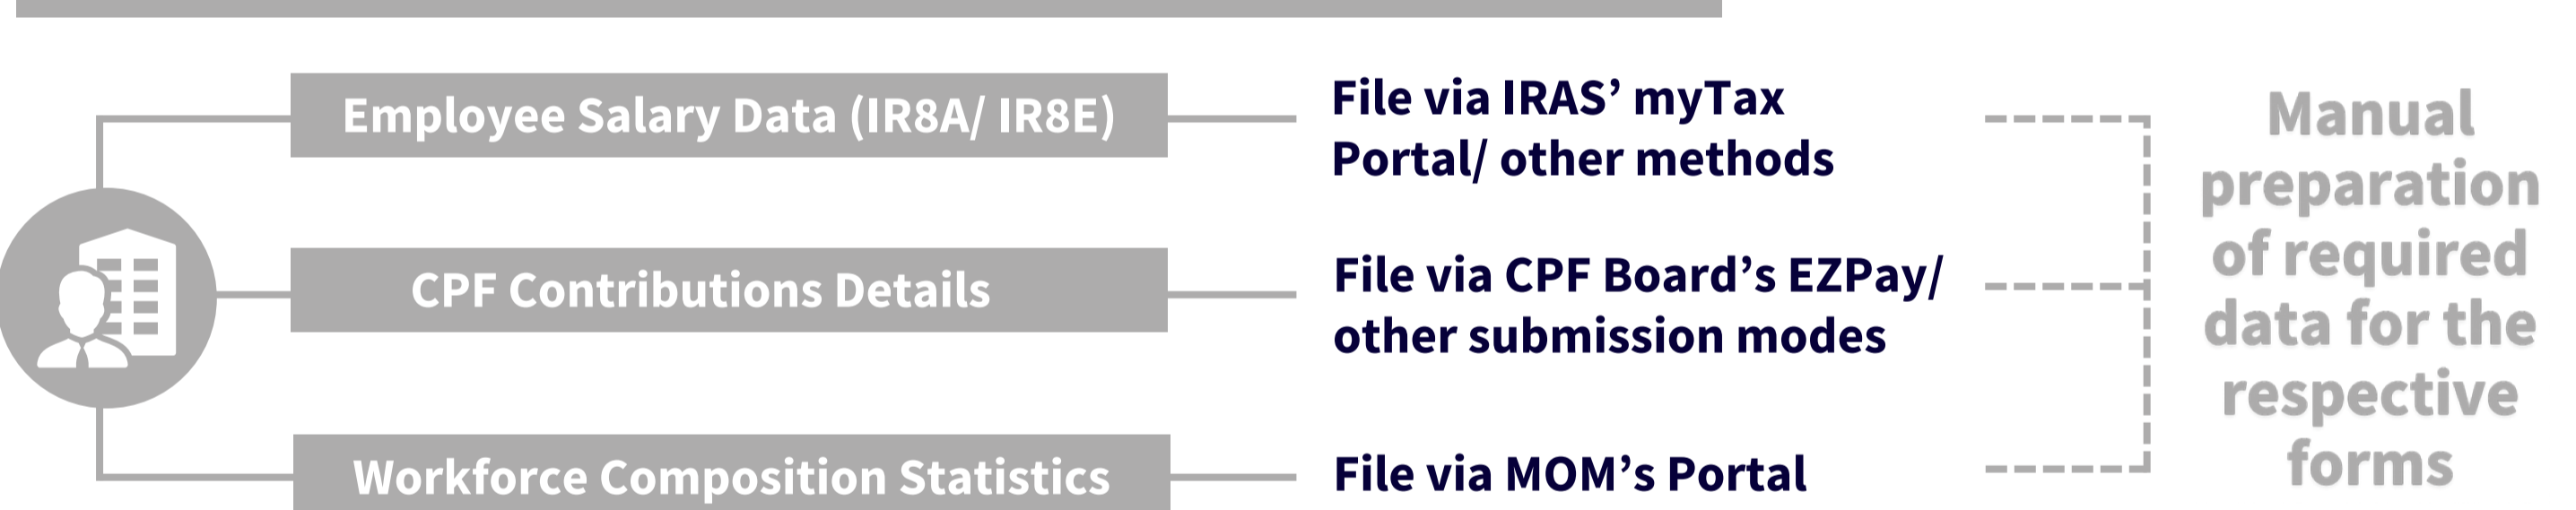

How OSP Simplifies Your Filing Experience

Advantage of Using One-Stop Payroll

Traditional filing methods without One-Stop Payroll

How Adopting OSP Benefits You
